

## ~ Hot Tub Rules ~

The Hot Tub is provided for your use and the water has been treated to ensure it is correctly balanced. If used following these instructions, there should be no need for additional maintenance visits. Hot tubs pose similar risks to swimming pools, as well as having their own dangers. Here are some hot tub safety rules that everyone should be aware of before using the tub.

1. The tub is to be used responsibly and is not to be used as a substitute wading pool by children. Allowing children to jump or dive into the water is not permitted under any circumstances. Children must not use the spa unsupervised at any time. No infants or toddlers in the spa.
2. Please shower before using the tub to remove make-up, sun-screen, insect repellent or any other oil-based products.
3. Only clean swimwear may be worn in the tub as the chemicals in the water will remove the colored dyes found in ordinary clothing, causing them to leach into the water and turn it cloudy.
4. Prevent accidental drowning. Leave the hot tub cover on and latched when the spa is unsupervised.
5. Prevent Hyperthermia. Understand that alcohol and other medications greatly increase the chance of hyperthermia – the opposite of hypothermia. This occurs when the internal body temperature reaches several degrees above the normal temperature of 98.6 degrees.
6. Glass. Don't do it, ever. Trust us.
7. Do not use a hot tub if you are taking any medication that makes you drowsy or affects your circulation; if necessary, check with your doctor. Pregnant women and the elderly should also consult their doctor before using a hot tub.
8. Do not use the hot tub if you are under the influence of alcohol or drugs as your judgment will be impaired and you could become unconscious and drown.
9. No smoking is permitted in or around the tub.
10. People with cuts or external infections should not use the tub.

Overuse or abuse will also cause the tub water to turn cloudy and may render the tub unusable. Tubs that require excessive cleaning will be emptied and cleaned at the expense of the renter, and may deny you the use of the tub for at least 24-hours. All of our hot tubs are on a regular cleaning schedule. On rare occasions, you may not be able to use the tub for a short time after it has been serviced. We apologize for this inconvenience, but it is necessary to keep the tubs sanitized.
